Copy of Ref.C.No.3899/54(L) dated 22-2-54 of the Collector of South Kanara

(S) Ref:- G.O.Ms.912 d/27-3-53

The sanction accorded for the employment of additional Taluk Surveyors for Puttur and Mangalore for the clearance of arrears of maintenance work in the G.O.cited above expires on 31-3-1954.

The above two posts of additional Taluk Surveyors are in continued existence from the last 10 years. The current maintenance work in both the Taluks is very heavy under all heads specially under assignments and Land Acquisition cases. Experience has also shown that there is acute necessity for the retention of these additional staff. Taking an average of 5% under stone inspection and 1% under stone renewals and the average number of sub-Divisions measured for the last 3 years there would be atleast 3 Surveyors work in each Taluk.

The permanent retention of the Chainmen attached to the additional Taluk Surveyors Mangalore and Puttur has already been sanctioned in G.O.Ms.No.2056 Rev dated 4-8-51 and Ms.No.906 dated 25-3-52 respectively.

The statistics furnished will also amply justify the retention of the staff in both the Taluks. I therefore request that the Board may be pleased to obtain the orders of the Government for the retention of the above staff of two additional Surveyors for a period of one year from the date of expiry of the period of sanction.

Sanction may also be accorded to continue the staff beyond the date of expiry of the present sanction i.e.31-3-54 in anticipation of the Government sanction.

The statistics are furnished in the enclosed statements.

	*These files relating to land acquisition alienation pointing F Lines etc.		
11. Remarks. Showing the justification of the retention of the post of the additional staff	As check measurements precede sanction in this District the number of Sub-Divisions shown as pending & in Cols.4(ii) and 6(ii) are only those forwarded to surveyors for check measurements and do not include those pending in Office. The work has increased from day to day in all the branches of the Revenue Administration and the permanent staff of one surveyor in each Taluk is not able to cope up the work of the whole taluk. The particulars furnished are amply justifying the retention of the additional staff applied for.
